## Parent Involvement Committee

This purpose is achieved primarily by providing advice on parent engagement to the board, communicating with and supporting School Councils and undertaking activities to help parents/guardians support their children's learning at home and at school.

The PIC strives to maintain a balanced representation from across the region. Regular PIC meetings are held in person and virtually four times per school year.

- Any parent/guardian who is employed by the Board must inform the committee of such employment.
- Active involvement in the school community is an important consideration.
